

I am writing to request that K-LOVE, which is often heard on FM translators, not be replaced by LPFM stations. I support K-LOVE by sending in a pledge each month. This station is very important not only to myself, but many other people who listen to it daily to hear positive, encouraging music. It is extremely important that this station continues to be broadcast so the world can hear about the precious gospel of the Lord Jesus Christ, his forgiveness, and his love for them. I suggest if you have never listened to this radio station you do so and see if it doesn't make an impact in your life. Also, if you have never accepted the Lord Jesus Christ as your personal Savior, I pray you may do so today. May God bless you.
